Can I Use Them?
What to Check For – Licence, Quality, Authority

• Look for an “open” licence such as Creative Commons (CC) and follow the licence stipulation (e.g. BY just attribute, BY-SA attribute and share back, BY-NC-ND attribute but not for commercial use and no derivatives or changes can be made)

• Check resource quality!

• Check the authority of the person to ensure THEY have the right to release the resource.
Further Resources

• Learn about copyright at: http://www.web2rights.org.uk/

• To have further discussions join the SCOOTER FORUM on Open Education at: http://www.sicklecellanaemia.org

• Email: scooterdmu@gmail.com
• Twitter #DMUViv
• Tag SCOOTEROER
