QUICK OER Specification – for existing resources

This form is not intended to restrict your creativity in any way, and it is also intended to promote a dialogue between staff and developers. There are graphic designers and multimedia developers available to work with you. If you have any questions then contact Simon Dyson (Social Sciences, Arts, and Humanities) or Mark Fowler (Science), or contact Viv Rolfe at any time. Please complete this form and including the WARRANTY and return it to Viv.

Title: __________________________________________________________

Author: _________________________________________________________

Developer: (Yes, no, name) _________________________________________

Date: __________________________________________________________________

Learning objective:

Keywords (up to 7):

Summary (single sentence):

____________________________________________________________________

Content Check:
Is your content accurate and up to date?

Attach PPT slides or type a transcript here.
Images:
